# About **BASU Education**

 Sector 49, Noida

 [basueducation.com](https://basueducation.com)

Founded in **2012** by Amit Singh, BASU Education has established itself as a trusted name in coaching across the NCR region.

With over **10 years** of academic excellence and continuous innovation, we've transformed traditional coaching into a student-centric learning experience.

**Our Vision:** To help build careers of all our students by providing them right academic learning, counselling and 360 degree support in their chosen track.

# Programme Overview:

## Classes 9–12

1

### Foundation Years: Classes 9 & 10

Strong conceptual foundation with emphasis on building fundamentals across Physics, Chemistry, Mathematics, and Biology. Early preparation for competitive mindset.

2

### Focus Years: Classes 11 & 12

Intensive preparation for JEE Main, JEE Advanced, NEET, and CUET. Advanced problem-solving and exam strategies.

3

### Seamless Integration

Delivered within your school's timetable and academic calendar. Classes conducted in-school, ensuring perfect alignment with your existing schedule.

Alok Chauhan

# Challenges and Expectations

## Challenges

- School stress, Coaching pressure, Travel fatigue, and unsynced syllabus-students face it all every day.
- Lack of control over content delivery inside classroom
- Increasing parent expectations & complaint pressure
- Teachers overloaded with teaching + mentoring + reporting
- Lack of proper data insights to understand academic gaps early
- Rising behavioural issues & emotional imbalance
- Pressure to deliver competitive-level results

## School's Expectations

Schools expect a partner who can deliver:

- Strong discipline & behaviour improvement
- Consistent academic performance
- Higher test results
- Clear data-based tracking & insights
- Mentorship for weak & average students
- Smooth communication with parents
- Transparent weekly reporting
- Zero disturbance to the school's timeline & culture

# Introducing **NXT-AIR** Program

## A School Support System for Academic & Competitive Excellence

NXT - AIR is a structured, in-school academic support framework designed to align school curriculum with competitive exam preparation, ensuring students learn conceptually, perform confidently, and progress smoothly- all within school hours.

## Why NXT- AIR?

Schools today face the challenge of balancing syllabus completion with rising competitive exam expectations. PeakEdge bridges this gap by integrating advanced learning support into the existing school ecosystem- without adding pressure on students, teachers, or parents.

## **NXT-AIR Promise**

- ✓ Supports school teaching- does not replace it
- ✓ Enhances outcomes- without disrupting systems
- ✓ Builds future-ready students- within the school framework

# Operational **Workflow** Timeline

Operational Categories :

**Daily**- Foundation execution

**Weekly** - Guidance & reinforcement

**Fortnight** - Monitoring & reporting

**Bi-Monthly** - Action & decisions.

## ↘ Daily

### Content Delivery & Academic Structure

- Lecture-wise teaching execution
- Homework assigned + checked daily
- Attendance + class participation tracking
- Video backup & revision support

### Classroom Operations & Controls

- Discipline & interaction monitoring
- Doubt routing (teacher → admin)
- Learning environment standardisation.

## ↘ Weekly

### Mentorship & Behavioural Support

- Weekly mentor–student check-ins.
- Consistency & discipline review
- Academic planning guidance

### Weekend Academic Operations

- Remedial / doubt-solving sessions
- Targeted weak-area support
- Revision touch-points.

# Operational **Workflow** Timeline

Operational Categories :

**Daily**- Foundation execution

**Weekly** - Guidance & reinforcement

**Fortnight** - Monitoring & reporting

**Bi-Monthly** - Action & decisions.

## ↘ Fortnight Processes

### Assessment & Testing Framework

- Online tests (twice a month)
- Weekly quiz performance consolidation
- Early gap identification.

### Classroom Operations & Controls

- Parent-mentor interaction updates
- Student performance reflections
- Improvement roadmap communication

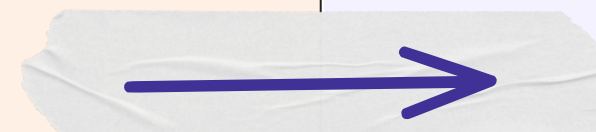

## ↘ Twice - Month Process

### Major Testing & Academic Outcomes

- Major tests every 2 months.
- Mock exam alignment
- Performance benchmarking

### Parent & Counselling Escalation

- PTMs based on structured review
- Counsellor referrals where needed
- Behaviour improvement roadmap.

# Why **Partner** With Us

## 10 Years Experience

With an industry experience of over 10 years, BASU Education has cultivated the required experience and expertise for a mature and progressive partnership,

## In-School Delivery

Coaching delivered right within your campus, eliminating commute time and reducing the burden of travelling to multiple locations.

## Innovation Meets Tradition

High-tech learning tools and analytics blended perfectly with time-tested teaching methodologies for optimal results.

## Student-Centric Culture

A nurturing "Students' Second Home" environment where every learner feels supported, valued, and motivated to excel.

# Proposed **Collaboration** Model

**Let's connect to build careers!**

**Thank** You.
